

FRENCH IMMERSION

**GRADES
10 - 12**

WELCOME TO THE BLACK GOLD FAMILY!

Our French Immersion program is designed for children whose first language is something other than French. It engages students with the French language and culture.

Students work to become fluent in French through classroom instruction and fun activities. They will read, write, and speak in French. As students develop an appreciation for the French language, they become more confident learners.

A positive attitude towards the French Immersion program and your commitment to this choice for your child is helpful in promoting success.
