For more information, including financial summaries, please visit <https://www.blackgold.ca/about-bgsd/results-plans-results/>

## OUR SCHOOLS

- Continue to focus on wellness, literacy, numeracy, and learning recovery
- Provide an inclusive environment that embraces diversity
- Offer a variety of courses to support students toward a career path and high school completion
- Are recognized for a broad range of programming
- Provide opportunities for school advisory councils to be involved in developing school foundational statements, policies and annual education plans

## YOUR CHILDREN

- Have access to a continuum of classroom supports, services, specialized learning environments, and counselling services
- Demonstrate growth in literacy and numeracy in all grade levels
- Continue to play an active role in Comprehensive School Health
- Continue to demonstrate high levels of academic success and high school completion
- Are engaged in their learning

## THE FUTURE

- Continue to support kindergarten to grade 6 Teachers in curriculum implementation
- Focus on success, wellness, engagement, and partnerships
- Continue to be creative in building staff efficacy and provide frequent, timely, and focused professional development
- Will review school utilization within the City of Leduc in anticipation of the completed construction of Ohpaho Secondary School
